Mmm...

What do you mean
every-thing is fine?
Why have you been following me every-where?
And what about that picture?
Every time I try to ask you, you run away.
Why?

Because...
It was beautiful...
Your wing...
It was beautiful.

And...
It suited you
perfectly...
It looked so soft.

I was sure
I was sure
If I could talk to you, Yamashita-san,
And so I thought...
that every day
would be so much fun.

S-
She's so
cute...

Have you calmed down?
Mmm.
My eyes...
always make me look like I'm glaring at people. When I get stressed, it gets even worse. And I'm no good at talking...
I never know what to say...

sniffle

But I still...
want to...
be your friend...

When I took the picture, I-I thought you were beautiful... I just pressed the shutter without thinking...
And I know it's wrong, but I thought maybe you'd notice me if I had that picture...
Or some-thing...
And so...
And so...
